Empowering minds. Enabling futures.

DAY 1 / DISCOVER AI

AI awareness, generative AI, prompting, logic challenges and a team school-helper idea.

DAY 2 / EXPLORE & APPLY

Students: robotics logic, classifier testing and team presentations.
Teachers: lesson plans, worksheets, quizzes and reteaching.

A PROMPT TO TRY

"Explain friction with a bicycle example. Ask what I know, give one hint at a time, and wait for my attempt."
